

# Premier Family Chiropractic Introduces Class IV Regenerative Cold Laser Therapy for Enhanced Healing and Pain Relief

---

BRENTWOOD, TN, UNITED STATES, July 30, 2025 /EINPresswire.com/ -- Premier Family Chiropractic is now offering Class IV regenerative [cold laser therapy](#), an advanced, non-invasive solution for individuals experiencing disc injuries, sciatica, knee issues, and other musculoskeletal concerns. This therapy is designed to reduce pain, decrease inflammation, and support tissue regeneration by enhancing the body's natural healing processes.

Using therapeutic wavelengths of light, the laser penetrates deep into tissues to stimulate cellular repair and increase circulation. It promotes a stronger flow of water, oxygen, nutrients, and blood to affected areas, creating the ideal environment for recovery. It's especially beneficial for conditions like herniated discs, sciatica, and joint pain, with many patients experiencing significant relief after just a few sessions.

Dr. Quinn Uzelman, DC, chiropractor and owner of Premier Family Chiropractic, brings over 18 years of experience and a passion for helping people feel and function at their best. Known for his warm, attentive approach, Dr. Uzelman takes time to understand each patient's unique health needs and works closely with them to develop personalized care plans. His commitment to genuine, relationship-based care makes every visit welcoming and effective.

At Premier Family Chiropractic, affordability is a core value. The team works with patients to create budget-friendly care plans, ensuring that high-quality care is accessible to individuals and families alike. Whether you're dealing with chronic pain, recovering from an injury, or looking to support your long-term wellness, this therapy is a powerful, drug-free tool for healing.

Class IV regenerative cold laser therapy is now available at the Brentwood office, just a short drive from Franklin and Nolensville. It's an ideal option for those seeking a natural, non-invasive approach to pain relief and recovery.

To experience the benefits of Class IV regenerative cold laser therapy and meet with Dr. Uzelman, call Premier Family Chiropractic to schedule an appointment or visit the website for more information.
