

Miami Dade Apostille Expands Access to Fast, Secure International Document Certification

Company offers same-day apostille services, mail-in processing, and international shipping for clients in the U.S. and abroad

MIAMI, FL, UNITED STATES, August 2, 2025

/EINPresswire.com/ -- As global travel, international employment, and cross-border relocations increase, the demand for certified document authentication continues to rise. [Miami Dade Apostille](#), a document processing company based in South Florida, provides apostille and document legalization services for individuals and organizations requiring certified paperwork for international use.

The company processes documents issued by vital statistics offices, the Secretary of State, and the U.S. Department of State in Washington, D.C., ensuring compliance with requirements for both Hague Convention and non-Hague Convention countries. Its services include authentication for records such as birth and marriage certificates, background checks, diplomas, business documents and more.

“Every document we handle tells a story, whether it's a family planning a move abroad or someone pursuing a new opportunity,” said Isaidy Pinto, president of Miami Dade Apostille. “We're here to make the process smooth, fast and stress-free.”

In addition to apostille services, the company offers on-site Livescan fingerprinting, card fingerprinting, and print-to-card fingerprinting, which are often required for background checks or identification verification for use abroad.

Located in Miami, the business serves clients both locally and nationwide. Documents can be dropped off in person or mailed in from anywhere in the United States. The company works directly with state and federal agencies to help ensure documents are accurately prepared for international use.

Pinto said demand for expedited services has grown, particularly among clients with tight deadlines related to overseas moves, international study, or global employment. Miami Dade Apostille's emphasis on speed and reliability is a key part of its business model.

"We've built our service around the needs of clients who can't afford delays," Pinto said.
