

# How the Polish Business Incubator Łatwy Start Helps IT and Online Professionals

*Łatwy Start helps IT and online professionals launch and grow businesses in the EU with tax savings, legal support, and funding opportunities.*

WARSAW, POLAND, July 31, 2025 /EINPresswire.com/ -- The Polish business incubator [Łatwy Start](#)

announces the expansion of its services for IT professionals and online specialists looking to grow their business within the European Union. Łatwy Start offers unique conditions that enable specialists from various fields to quickly and efficiently enter the European market without having to establish their own company or sole proprietorship.

“

We know speed and flexibility are key for IT and online professionals. Our incubator lets you start a business in just one day, minimizing bureaucracy and focusing on project growth.”

*Galina Belousova*

The [Łatwy Start business incubator](#) provides a solution that is ideal for programmers, designers, marketers, as well as specialists in online services such as education, consulting, and blogging. Participants of the incubator can benefit from significant advantages, including savings on accounting services and taxes, as well as access to social security and credit resources.

Łatwy Start also provides legal support and assistance in drafting contracts, enabling residents to transfer

intellectual property rights to the incubator and then to their clients, ensuring the protection of their interests and minimizing risks. This is particularly important for creative professions, where the transfer of copyright plays a key role.

The Polish incubator also supports startups by offering investments and participating in the development of interesting projects. This creates additional growth and expansion opportunities for all participants.
