

Perlite Market Size, Demand & Industry Outlook | Key Drivers & Future Opportunities 2025 | DataM Intelligence

The Perlite Market involves the mining, processing, and global trade of expanded volcanic glass used in construction, horticulture, and industry.

AUSTIN, TX, UNITED STATES, July 31, 2025 /EINPresswire.com/ -- According to DataM Intelligence, The [Perlite Market](#) is projected to grow at a CAGR of 6.67% between 2024 and 2031. This growth is fueled by rising demand in the construction and horticulture industries, the material's lightweight insulation advantages, and its expanding use across various industrial applications.

“

The Perlite Market poised for steady growth driven by rising demand in construction, horticulture, and industrial applications due to its lightweight and insulation properties.”

DataM Intelligence

Market Growth Drivers & Opportunities:

Growing use of lightweight, thermal, and acoustic insulation materials in sustainable and green building initiatives.

Growing use of perlite as a soil amendment to boost agricultural productivity.

Rising demand for perlite-based filtration media within the

food and beverage industry.

Innovations in perlite processing technologies to boost product performance and efficiency.

Market Segmentation:

By Form:

Crude Form

Expanded Form.

By Application:

Building and Construction

Fillers

Horticulture Aggregates

Filtration and Process Aids.

By Region:

North America

Latin America

Europe

Asia Pacific

Middle East

Africa.

Market Geographical Share:

The Asia-Pacific region dominates the perlite market due to large-scale construction activities, expanding agriculture sectors, and rapid industrialization. North America follows, supported by sustainable building trends and significant demand in horticulture. Europe shows steady growth, driven by environmental regulations favoring eco-friendly insulation materials.

Key Players:

Aegean Perlites SA

Bergama Perlite

Supreme Perlite Company

Genper Group

Perlite-Hellas.

CHILLAGOE PERLITE PTY. LTD

Whittemore Company

Saudi Perlite Industries

Carolina Perlite Company

Gulf Perlite LLC.

Recent Developments:

United States

May 2025: A leading perlite manufacturer announced the expansion of its Oregon plant to meet growing demand from the construction industry.

June 2025: Development of a new high-performance horticultural perlite grade targeting commercial greenhouses and urban farming projects.

Japan

April 2025: Launch of innovative ultralight perlite panels for energy-efficient building applications by a major Japanese materials firm.

May 2025: Collaboration between a Japanese horticulture brand and a perlite producer to introduce enhanced perlite soil blends for precision agriculture.
