

# Porochista by Mohammad Limucci Wins Silver in A' Musical Instrument Awards

*Innovative Piano Design Blends Cutting-Edge Technology with Modern Aesthetics*

COMO, CO, ITALY, July 31, 2025  
/EINPresswire.com/ -- The A' [Musical Instrument](#) Awards, a highly respected recognition in the field of musical instrument design, has announced Porochista by [Mohammad Limucci](#) as a Silver Award winner. This prestigious accolade underscores the exceptional design and innovation embodied in Porochista, setting it apart as a groundbreaking creation within the musical instrument industry.

Porochista's Silver A' Musical Instrument Award holds significant relevance for the industry and potential customers alike. This recognition highlights the piano's successful fusion of advanced technology and contemporary design, aligning with the evolving needs and preferences of modern musicians. By pushing the boundaries of traditional piano design, Porochista opens up new possibilities for enhanced performance and user experience.

What sets Porochista apart is its seamless integration of cutting-edge features and sleek aesthetics. The piano boasts a large OLED screen that displays notes and offers dynamic capabilities, revolutionizing the way pianists interact with their instrument. The matte black finish, accented with bronze details, exudes a refined elegance that complements diverse interior styles. Porochista's innovative design not only enhances the visual appeal of any space but also delivers unparalleled functionality for professional musicians and enthusiasts.

The Silver A' Musical Instrument Award serves as a testament to Mohammad Limucci's commitment to pushing the boundaries of piano design. This recognition is expected to inspire

Porochista

future projects and collaborations, fostering further innovation within the brand. The award also motivates the design team to continue their pursuit of excellence, driving the musical instrument industry forward through their creative vision and technical expertise.

Interested parties may learn more about Porochista and its award-winning design at the dedicated A' [Design Awards](#) page:

#### About Mohammad Limucci

Mohammad Limucci is an Iranian architect and interior designer who brings his passion for meaningful design to the realm of product creation. With a focus on modern and contemporary styles infused with Persian cultural influences, Limucci crafts refined, luxury-oriented works that maintain a consistent design language across disciplines. His award-winning portfolio spans furniture, product design, and architecture, showcasing his ability to balance aesthetics, narrative, tradition, and innovation.

#### About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that exemplify excellence and innovation. Recipients of this award are acknowledged for their contributions to raising industry standards and advancing the practice of design through their highly functional and aesthetically pleasing creations. The Silver A' Design Award is granted to designs that incorporate original innovations, elicit strong emotional responses, and make a notable impact on improving everyday life. The rigorous selection process involves blind peer review by a world-class jury panel of design professionals, industry experts, journalists, and academics, ensuring that only the most deserving works are honored.

#### About A' Design Award

The A' Musical Instruments Design Award is a prestigious competition that attracts a diverse range of participants, including innovative design agencies, visionary instrument designers, leading manufacturers, and influential brands within the music industry. By participating in this esteemed award, entrants have the opportunity to showcase their creativity, gain global recognition, and be acknowledged for their exceptional instrument design capabilities. The A' Design Award, now in its 17th year, is an international and juried design competition open to entries from all countries and organized across multiple industries. Its ultimate aim is to recognize and promote superior products and projects that advance and benefit society, contributing to the creation of a better world through the power of good design.
