Manufacturing today announced the launch of [FreshPro CamRounds™](#), the next generation of round food storage containers engineered for unmatched durability, effortless handling, and seamless integration with existing [FreshPro CamSquares®](#). Featuring the industry's first drain shelf for round containers and full compatibility with FreshPro CamSquare lids, FreshPro CamRounds streamline kitchen organization, sanitation and service.

"FreshPro CamRounds set a new standard in food storage," said Chip Jarvis, SVP, Global Business Development at Cambro. "They combine durable construction, a redesigned bail handle, and the industry-first drain shelf in a round container, all while sharing lids with FreshPro CamSquares to simplify inventory and optimize shelf space."

Key Features & Benefits

- Heavy Duty Durability

Impact resistant, BPA-free, NSF listed polypropylene resists cracks, stains and all-temp commercial dishwashers.

- Ergonomic Handle Design

All sizes have redesigned molded-in handles for easy transport and smooth, precision pouring.

- Pail with Bail Models

Available in 12qt, 18qt and 22qt sizes, these versions feature an extra robust bail handle and reinforced pivot stops—ideal for safe, steady transport of large batches.

- Industry First Drain Shelf

The first drain shelf in a round container elevates contents above wash water or food juices increasing shelf life and reducing waste.

- Shared Lid Compatibility

Fully compatible with FreshPro CamSquare seal covers allowing operators to use one lid family across both round and square containers to reduce inventory complexity and maximize storage flexibility.

- Space Optimized Stacking

Round bodies nest when empty and cross stack with FreshPro CamSquares® when in use unlocking every inch of storage space.
