“

Powered up and I'm ready to
fight today / To bring the
harmony that we need / For
all the world to see...”

"Powered Up" Lyrics

"Powered Up" is more than a song — it's a sonic juggernaut. The track is a bold homage to the legendary 'MegaMan' video game franchise, reimagined through a

blazing fusion of hard rock ferocity and shimmering electronic edge. With pounding drums, searing guitar riffs, and an adrenaline-soaked vocal delivery, the single captures the spirit of a

lone hero rising against chaos, wielding music as his ultimate weapon.

“Powered up and I’m ready to fight today / To bring the harmony that we need / For all the world to see...”

From its defiant lyrics to its cinematic energy, “Powered Up” taps into the gamer spirit, delivering a battle cry for dreamers, rebels, and warriors alike. It’s a call to arms wrapped in distortion and melody, as if Dr. Wily himself might try to steal the recording for his next plan of world domination.

Fans attending A.D.A.M. Music Project’s live shows are in for a sonic thrill ride. “Don’t walk — RUN to catch them live,” says one fan. “Your ears will thank you, your soul will thank you... and your inner MegaMan will definitely thank you.”
