

Pillar Health, a Division of Kenosha Community Health Center, Celebrates 30 Years and National Health Center Week 2025

This celebration is especially meaningful as KCHC begins transitioning all clinics under the Pillar Health banner in Southeast Wisconsin

KENOSHA, WI, UNITED STATES, August 1, 2025 /EINPresswire.com/ -- In honor of National Health Center Week (NHCW), taking place August 3–9, 2025,

[Pillar Health](#), a division of Kenosha Community Health Center (KCHC), is proud to celebrate the impact of community health centers across the country. This year's theme, "America's Health Centers: Celebrating Past, Present, and Future," recognizes the transformative legacy of health centers in delivering affordable, high-quality care to millions of Americans regardless of insurance status or ability to pay.

“

This change represents more than a name—it's about unifying our care delivery under one coordinated model that puts patients and families at the center.”

Dr. Mary Ouimet, CEO of Pillar Health

Locally, this year's celebration is especially meaningful as KCHC commemorates 30 years of service to Southeast Wisconsin. As part of this milestone, the organization is expanding its commitment to integrated care by beginning the transition of all KCHC clinics to operate under the Pillar Health banner.

“This change represents more than a name—it's about unifying our care delivery under one coordinated model

that puts patients and families at the center,” said Dr. Mary Ouimet, CEO of Pillar Health. “As a division of KCHC, Pillar Health reflects our evolution into a modern, team-based approach that addresses physical, mental, and oral health all in one place.”

Since launching its first Pillar Health clinic in 2022, KCHC has seen firsthand the impact of integrated care, and in July 2025, opened Pillar Health Racine inside Julian Thomas Elementary School. By aligning services under the Pillar Health model, the organization is:

Expanding access to whole-person care
across Southeast Wisconsin
Strengthening its health home model
to connect patients with
comprehensive care teams
Advancing outcomes through
personalized, evidence-based
treatment and community
partnerships

The transition also includes a visual
update, with Pillar Health's new
branding embracing a modern, holistic
approach while honoring the
organization's deep-rooted community
connections. KCHC's original tree logo
represented strength, growth, and
deep roots in the community. These
values remain central to the Pillar
Health mission.

"We're still the same trusted care
providers, just with a broader reach
and a stronger foundation," said
Ouimet. "Our focus remains on
providing affordable, high-quality,
compassionate, and easily accessible
care that helps every person in every
community we serve thrive."
About Pillar Health Kenosha
Community Health Center

Pillar Health and Kenosha Community
Health Center are dedicated to
providing affordable, quality healthcare
services to individuals and families in
Southeastern Wisconsin. They strive to address the underlying social factors that affect health
and are committed to innovation in healthcare. By collaborating with various stakeholders, they
work to improve health outcomes for medically vulnerable individuals and promote health
equity in their communities.
