

# Meyer Lab Launches New Manufacturing and Distribution Hub in Lexington, NC to Support Southeast Market Growth

*Expansion aligns with Meyer Lab's commitment to innovation, reliability, and customer-first service.*

BLUE SPRINGS, MO, UNITED STATES, August 15, 2025 /EINPresswire.com/ -- Meyer Lab, a nationally recognized leader in high-performance industrial cleaning solutions, announced the opening of its new 37,000-square-foot manufacturing and distribution facility in Lexington, North Carolina.

The expansion marks a significant milestone in the [company's ongoing growth](#) and enhances its ability to serve customers across the Southeastern United States.

Meyer's Lexington, NC Facility

Strategically located to streamline logistics and improve lead times, the new facility strengthens Meyer Lab's national supply chain and reinforces its commitment to delivering exceptional service with greater speed and efficiency.

“

This is more than a new building—it's a statement of who we are and where we're going.”

*Mike Miller, President of Meyer Lab*

“This is more than a new building—it's a statement of who we are and where we're going,” said Mike Miller, President of Meyer Lab. “Our strategic location in Lexington, North Carolina strengthens our infrastructure and allows us to better support our mission of providing unmatched service to our valued customers.”

The Lexington site was designed with a focus on innovation, safety, and sustainability. In addition to expanding production capabilities, the facility

is expected to drive job creation and foster economic investment in the region.

Meyer Lab's continued investment in infrastructure reflects its long-term vision of operational excellence and its dedication to supporting both its customers and the communities it serves.
