

US Navy Veterans Lung Cancer Advocate Appeals to Navy Veterans Who Now Have Lung Cancer Nationwide to Call About Significant Compensation that May Exceed \$100,000 If They Were Exposed to Asbestos in The Navy Before 1983

WASHINGTON, DC, UNITED STATES, August 5, 2025 /EINPresswire.com/ -- The US Navy Veterans Lung Cancer Advocate says, "If you are a navy Veteran who has just been diagnosed with lung cancer, and you had routine exposure to asbestos in the navy before 1983 please call us or have your family call us anytime at 866-714-6466 so we can explain compensation to you. Most people like you are stunned to learn that compensation for a person like this might exceed \$100,000 and what we are talking about does not involve suing the US Navy. The \$30 billion-dollar asbestos trust funds were set up for people exactly like you.

"We are also directly appealing to the wife, or adult son or daughter of a navy veteran who had asbestos exposure in the navy before 1983 and who has recently been diagnosed with lung cancer-because most people like this never get compensated-even though they should. We have extremely capable lawyers on standby who specialize in asbestos exposure compensation who can help. We really want to emphasize our initiative is national from California to Maine, from Florida to Washington, Pennsylvania to Idaho and every other state, and our top priority is individuals who now have lung cancer because of workplace exposure to asbestos.

"If your husband or dad was exposed to asbestos in the navy as a sailor before 1983 and he has recently been diagnosed with lung cancer please call us anytime at 866-714-6466. We want a person like this to get compensated."

Important checklist for a Navy Veteran or individual seeking compensation who has asbestos exposure lung cancer:

* The Navy Veteran or individual must have been exposed to asbestos prior to 1983 in the armed forces or at their place of work.

* The lung cancer diagnosis must have been recent---preferably in the last one or two years.

“

"If your husband or dad was exposed to asbestos in the navy as a sailor before 1983 and he has recently been diagnosed with lung cancer please call us anytime at 866-714-6466. Get compensated."

*US Navy Veterans Lung
Cancer Advocate*

* The Navy Veteran's-Veteran's or individual's exposure to asbestos must have been substantial and must have involved exposure to asbestos involving more than one product. The ideal Veteran or individual who now has asbestos exposure lung cancer is one who worked as a mechanic, machinist, assisted shipyard workers at a shipyard, worked as an electrician, welder, as a construction worker, plumber or pipefitter, or a member of a repair crew-maintenance crew.

* The Navy Veteran-or individual must be able to get specific about how, where and when they were exposed to asbestos-if they hope to receive the best possible financial

compensation. <https://USNavyLungCancer.Com>

The Advocate says, "We do not want to overwhelm a Navy Veteran-or individual who now has asbestos exposure lung cancer with a long checklist-but to get compensated-all of these things will be necessary. Our appeal is nationwide. If the person, we have just described sounds like your husband, dad or relative--please share this article with them or their family and have them call us at 866-714-6466." <https://USNavyLungCancer.Com>
