

# Global Anti-Corrosion Coatings Market Growth Analysis – Top Companies & Opportunities 2025-2032 | DataM Intelligence

*The Global Anti-Corrosion Coatings Market is expected to reach at a CAGR of 3.45% during the forecast period 2025-2032.*

AUSTIN, TX, UNITED STATES, August 4, 2025 /EINPresswire.com/ -- According to DataM Intelligence, the Global [Anti-Corrosion Coatings Market](#) reached US\$ 37.38 billion in 2024 and is expected to reach US\$ 49.03 billion by 2032, growing at a 3.45% CAGR between 2025 and 2032. The market growth is driven by rising infrastructure development, expanding oil & gas and marine industries, stricter environmental regulations, and increasing demand for durable, high-performance coatings to extend asset life.

“

The Anti-Corrosion Coatings Market poised for steady growth, driven by rising infrastructure projects, industrial demand, and focus on asset durability worldwide.”

*DataM Intelligence*

## Market Growth Drivers & Opportunities:

Rising infrastructure investments worldwide, particularly in Asia-Pacific and North America, have intensified the need for durable, long-lasting protective coatings.

Technological innovations in water-based and eco-friendly coatings are opening new opportunities in sectors with strict VOC regulations.

The expansion of offshore oil & gas exploration and renewable energy infrastructure is creating fresh demand for high-performance anti-corrosion solutions.

Increasing industrialization and urbanization in emerging economies continue to boost consumption of corrosion-resistant materials.

#### Market Segmentation:

##### By Resin:

- Epoxy
- Alkyds
- Polyester
- Polyurethane
- Vinyl Ester
- Others.

##### By Technology:

- Water-borne
- Solvent-borne
- Powder
- UV-cured.

##### By End-User:

- Oil & Gas
- Marine
- Power
- Infrastructure
- Industrial
- Aerospace and Defense
- Transportation
- Others.

##### By Region:

- North America
- Latin America
- Europe
- Asia Pacific
- Middle East
- Africa.

#### Market Geographical Share:

Asia-Pacific remains the largest market, driven by rapid industrial growth and infrastructure development in China, India, and Southeast Asia.

North America follows, supported by heavy investments in oil & gas pipelines, shipbuilding, and energy sectors.

Europe holds a significant share, fueled by environmental initiatives and technological upgrades across industries.

Market Key Players:

Prominent companies shaping the market landscape include:

AkzoNobel N.V.  
Axalta Coating Systems, LLC.  
BASF SE  
H.B. Fuller Company  
Hempel A/S  
Jotun  
Kansai Paint Co., Ltd.  
Nippon Paint Holdings Co., Ltd.  
PPG Industries, Inc.  
RPM International Inc.

Recent Developments:

United States

May 2025: PPG Industries introduced a next-generation low-VOC epoxy primer tailored for infrastructure and industrial applications.

June 2025: Sherwin-Williams expanded its Houston facility to increase production capacity for water-based anti-corrosion coatings.

Japan

May 2025: Kansai Paint announced the launch of a high-durability marine coating targeting offshore wind farm structures.

June 2025: Nippon Paint launches a new environmentally friendly anti-corrosion coating designed specifically for automotive underbody protection.

Conclusion:

The Anti-Corrosion Coatings Market is set for sustained growth, driven by rising global investments in infrastructure, technological innovation, and stricter environmental standards. Key players remain focused on developing advanced, sustainable solutions to meet diverse industry needs, positioning the market for long-term resilience and opportunity.
