

TrueComp Named to 2025 Inc. 5000 List of America's Fastest-Growing Private Companies

Growth reflects rising demand for smarter, data-driven tools in the public sector

WEST HOLLYWOOD, CA, UNITED STATES, August 12, 2025 /EINPresswire.com/ -- [TrueComp](#), the leading provider of compensation and workforce planning solutions for the public sector, today announced its inclusion in the 2025 Inc. 5000 list—Inc. Magazine's annual ranking of the fastest-growing private companies in America. This recognition places TrueComp among a select group of businesses that have demonstrated sustained growth, resilience, and innovation during a period of significant economic and workforce transformation.

"Making the Inc. 5000 is an honor and a testament to the dedication of our team and the trust of our public sector

customers," said Harold Westervelt, CEO of TrueComp. "At a time when government agencies are under more pressure than ever to make data-driven workforce decisions, our growth reflects the real need for better, clearer tools to support that work. We're proud to be included—and proud of what this says about TrueComp as both a mission-driven partner and a high-performing business."

This year's Inc. 5000 honorees have achieved extraordinary growth while navigating economic uncertainty, inflationary pressure, and a shifting labor market. Among the top 500 companies on the list, the median three-year revenue growth rate reached 1,552 percent. Collectively, those companies added more than 48,000 jobs to the U.S. economy over the past three years.

“Making the Inc. 5000 is always a remarkable achievement, but earning a spot this year speaks volumes about a company’s tenacity and clarity of vision,” says Mike Hofman, editor-in-chief of Inc. “These businesses have thrived amid rising costs, shifting global dynamics, and constant change. They didn’t just weather the storm—they grew through it, and their stories are a powerful reminder that the entrepreneurial spirit is the engine of the U.S. economy.”

TrueComp’s inclusion in the 2025 list follows a period of rapid expansion, fueled by strong customer retention, rising demand for modernized public sector solutions, and ongoing product innovation. Earlier this year, the company was named a finalist in the 2025 HR Tech Awards for Best Talent Intelligence Solution.
