“We are deeply grateful to Miranda Lambert and the MuttNation Relief for Rescues Fund for their support during this critical time,” Becky Forrest, Executive Director of HCAL shared. “This generous grant ensures our ability to care for pets in communities recovering from tragedy.”

Support in Times of Crisis

The July 4 flash floods in Central Texas were catastrophic—claiming more than 130 lives and displacing countless families and pets. In response, MuttNation swiftly activated its Relief for Rescues initiative, directing funds and resources to shelter partners in the region.

HCAL was selected as a recipient as part of this initiative, recognizing its role in serving

underserved pet communities and providing low-cost spay/neuter care, vaccinations, and outreach during disaster recovery.

What the Grant Means for HCAL

The grant will enable HCAL to:

- Offer emergency and low-cost spay/neuter surgeries for flood-affected pets
- Increase outreach through pet food distribution and vet care to residents recovering from the disaster

This fund ensures HCAL can continue delivering essential services to at-risk animals when they need it most.
