

XOPA AI Unveils Zeus: AI-Powered Interview Intelligence Agent to Revolutionize Hiring Decisions

Zeus leverages advanced AI to transform interview analysis, providing unbiased insights and accelerating talent acquisition for smarter hiring decisions.

NEW YORK, NY, UNITED STATES, August 8, 2025 /EINPresswire.com/ -- XOPA AI, a global leader in ethical and AI-powered recruitment software, announces the launch of Zeus, its next-generation Interview Intelligence Agent. Part of XOPA's Agentic AI Suite, Zeus brings automation, structure, and data-driven insights to every hiring conversation—transforming interviews into consistent, comparable, and fair evidence for decision-making.

Designed to eliminate subjectivity and enhance hiring outcomes, Zeus joins interviews as a virtual assistant, transcribing conversations, extracting key highlights, and evaluating candidates in real time. From skill fitment to cultural alignment, Zeus helps hiring teams turn interviews from a manual exercise into a strategic advantage—reducing time-to-hire, improving quality-of-hire, and elevating the candidate experience.

“

Zeus reflects our commitment to fairness, efficiency, and innovation,” said Nina Alag Suri, Founder and CEO of XOPA AI. “It helps organizations make interview decisions using data, not just instincts.”

“Zeus embodies our commitment to fairness, efficiency, and innovation in recruitment,” said Nina Alag Suri, Founder and CEO of XOPA AI. “With Zeus, organizations can ensure that interview decisions are backed by insights, not instincts.”

Key features of Zeus

- Live interview participation: Joins interviews, records, and transcribes conversations in real time for accurate, searchable notes.
 - AI summaries and highlights: Automatically identifies key moments and delivers concise, shareable summaries to accelerate debriefs.
 - Skill and culture fit evaluation: Uses NLP and AI to align responses with job requirements and organizational values, supporting structured, bias-reduced assessments.
 - Structured interview plans: Provides role-specific, standardized question guides to improve consistency across interviewers and regions.
- Ethical and transparent by design

Zeus is built on a strong ethical foundation and aligns with Singapore's AI Verify governance framework to support transparency, fairness, and accountability in AI-assisted evaluations. Organizations retain full control over decision-making, with clear audit trails and explainable insights.

Built for modern talent teams

- Drive consistent and compliant hiring practices at scale
- Enhance interviewer effectiveness with intelligent tools and standardized frameworks
- Shorten time-to-hire without sacrificing rigor or candidate experience
- Turn qualitative conversations into quantitative, comparable evidence

Availability

Zeus is available immediately to XOPA's enterprise, academic, and government clients across global markets.

About XOPA AI

Founded in Singapore, XOPA AI is a leader in AI-powered hiring solutions recognized for its ethical AI approach. XOPA offers end-to-end platforms for recruitment, internship, admissions, and talent mobility—serving Fortune 500 companies, governments, and institutions worldwide. While many solutions focus on basic AI/ML capabilities or conversational interfaces, XOPA AI operates at the advanced end of the AI spectrum with sophisticated agentic intelligence that goes beyond traditional recruitment technology. In a competitive landscape where most platforms offer incremental improvements, XOPA AI's patented approach represents a fundamental leap forward in how organizations harness artificial intelligence for talent acquisition and workforce optimization.
