“TechCon SoCal is more than just a conference; it's a movement to accelerate innovation and entrepreneurship in the most impactful technology sectors of our time,” said Faisal Mushtaq, CEO of TechCon Global. “We’re building a space where bold ideas connect with capital, mentorship,

and momentum.”

A significant highlight of TechCon SoCal 2026 is the Startup Innovation Showcase Pitch Event, designed for high-growth startups that are post-seed or seeking Series A funding. Finalists

selected for the Showcase will be provided full conference access, a dedicated exhibition booth, and a chance to pitch live on stage in front of 500+ investors and industry leaders.

The event offers not just visibility but also tangible investment opportunities, networking with VCs, and expert feedback from decision-makers shaping the future of tech. Startups are encouraged to apply early via the TechCon Global website.

This high-impact pitch event is powered by two strategic partners: [Dealum](#) and [Peachscore](#), both of which are providing cutting-edge infrastructure to streamline startup applications and investor engagement.
