LAS VEGAS, NV, UNITED STATES, August 8, 2025 /EINPresswire.com/ -- DPF BOX, a trusted leader in [dpf filter cleaning near me in Las Vegas](#), has officially opened its second location in New York, making professional diesel filter cleaning accessible to drivers across both coasts. Known for its transparent pricing, ultra-fast service, and exceptional customer satisfaction, DPF BOX is now delivering the same high-performance cleaning for diesel particulate filters (DPF) on Staten Island.

With prices starting at just \$199 and a standard 2-hour turnaround, DPF BOX restores clogged or failing filters to like-new condition using advanced technology and tested methods. Whether you're in Vegas, New York, or anywhere in the U.S., you can now clean your filter instead of replacing it—saving time, money, and your vehicle.

What Makes DPF BOX Different

Most DPF cleaning companies offer slow turnaround times, high prices, and incomplete cleaning methods. DPF BOX changes that. Here's what sets it apart:

- Fixed prices from \$199 — no hidden fees

- Same-day service in both Las Vegas and New York
- Nationwide mail-in filter cleaning with fast return shipping
- 5-star reviews from real customers
- Industry-leading DPF-18XL cleaning equipment for full internal restoration
- Compatible with trucks, buses, commercial fleets, Sprinters, heavy equipment, and more
- Fully DOT and EPA compliant

Unlike basic chemical or flush services, DPF BOX uses full air/heat/water cycles with diagnostics to remove up to 99% of ash and soot. This deep cleaning process extends the lifespan of filters and improves fuel economy, airflow, and emissions output.

Two Ways to Clean Your DPF

- Local Service: Drop off your filter at either the Las Vegas or New York shop and pick it up in 2 hours
- Mail-in Cleaning: Ship your filter from anywhere in the U.S., and DPF BOX will restore and send it back quickly
