

# Ekata Rushi PA-C Founder of DermAlign Medical Aesthetics Answers The Top 4 Questions About PDO Threads lift

*Ekata Rushi PA-C PDO Threads Expert answers the Top 4 PDO Threads Questions*

LANGHORNE, PA, UNITED STATES,  
September 1, 2025 /EINPresswire.com/  
-- Top 4 Questions about PDO Thread Lift

[Ekata Rushi PA-C](#) Founder of [DermAlign Medical Aesthetics](#) in Langhorne PA answers the most common PDO Threads Lift questions asked by her Patients.

A PDO thread lift is an excellent alternative to conventional surgical facelift surgery as it can effectively reverse several common signs of aging with little downtime. Whether patients have fine lines, wrinkles or sagging skin, patients from all over the country are rushing into DermAlign Medical Aesthetics to see our PDO Thread Specialist and Founder Ekata Rushi PA-C.

Haven't heard about PDO thread lifts yet? Below is a guide to help you now if this is the right treatment for you.

## 1. What is a PDO Thread Lift?

Commonly known as Polydioxanone thread lift or 30 minutes Lunchtime Nonsurgical Facelift, this is a new form of a non-surgical facelift, it can help you tighten, restore your firm, voluminous, glowing skin, yielding an instant young-looking face. Using a dissolvable, biodegradable polyester suture, PDO Thread Lift can tighten and lift your skin in under 30 minutes. Besides lifting sagging skin, it also allows your skin to rejuvenate and help build natural

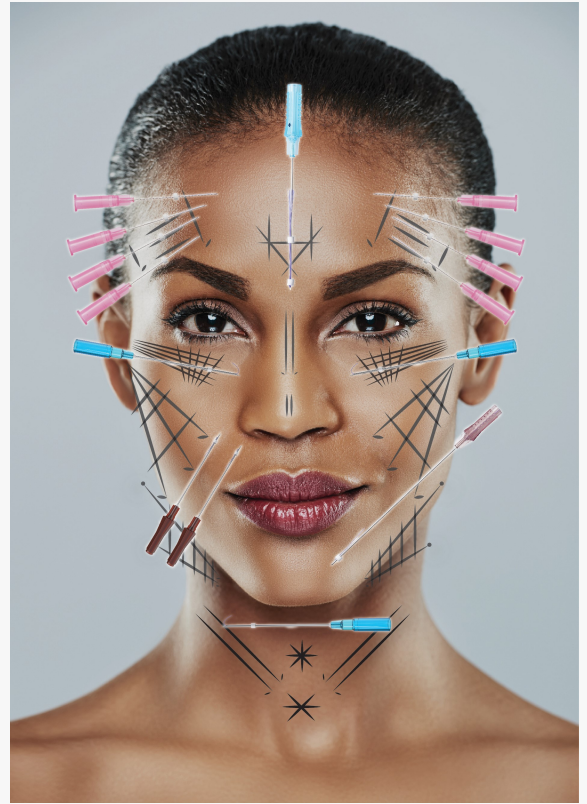

Collagen.

## 2. Which Areas or Face Zones Can be Treated with PDO Threads?

PDO thread lifts can lift and tighten several parts of your face, Starting with the most popular Fox eyes, Eyebrows, Forehead, Nose, Marionette Lines, Lower Cheeks, Upper Cheeks, Jawline, Turkey Neck, Arms, Abdomen. Talk to our PDO Thread Lift expert Ekata PA-C about the facial zones that you want to enhance with PDO threading.

## 3. What are the Benefits of Undergoing a PDO Thread Lift Procedure

- **Immediate Lifting Effect:** PDO threads provide an instant lift to sagging skin as the threads are inserted and secured under the skin, creating a subtle yet noticeable repositioning of tissues. This leads to a more contoured and youthful appearance immediately after the procedure.
- **Collagen Stimulation:** Beyond the immediate lift, PDO threads stimulate the body's natural collagen production. As the body absorbs the threads over time, the increased collagen helps to maintain firmer, smoother, and more youthful-looking skin.
- **Minimal Downtime/Non-Surgical Procedure:** Want to fight the signs of aging without surgery? PDO threads are your best bet. Unlike traditional facelifts, thread lifts can restore your skin without any cuts or scarring. Besides, the treatment can be complete in one session usually in 30 minutes depending on the number of threads used and Facial zones address. Since the procedure is non-surgical, you have little to no downtime. This means you can resume your normal activities as soon as possible. PDO thread lifts are minimally invasive, requiring no incisions or general anesthesia. This results in significantly less downtime compared to surgical facelifts. Hence the "30-minute Lunch Time Face Lift."
- **Long-Lasting Results:** While the immediate lifting effect is noticeable, the collagen stimulation contributes to longer-lasting results. The benefits of a

PDO THREADS VECTOR FACE IMAGE

PDO thread lift can last for 18-24 months, and in some cases, even longer, depending on the type of threads used, skin type and lifestyle.

- **Natural-Looking Results:** PDO threads enhance the natural contours of the face, providing a refreshed and rejuvenated appearance without drastically altering the patient's natural features.
- **Safety:** PDO threads are made from a biocompatible material that is absorbed by the body, minimizing the risk of complications.

#### 4. How much does a [Thread Lift cost](#)?

- **Affordable Treatment,** unlike other invasive treatments like traditional Face Lifts that range from \$35,000 to \$70,000, PDO thread lift treatments are reasonably priced. They also have long-lasting results 18-24 months, giving you value for your money. At DermAlign Medical Aesthetics the cost for a PDO thread lift procedure can range from \$2500 to \$8500 depending on the treatment areas/facial zones treated (Upper Face. Mid & Lower Face, Fox Eyes, Turkey neck, Forehead) and the types of threads used (Mono threads, Cog threads, Screw threads, Lifting threads, Barbed threads,)

“Our goal is to provide each patient with a custom treatment plan using the latest/most advanced PDO thread. Providing a natural-looking results that enhance their confidence,” said Ekata Rushi, PA-C. “PDO Thread Lifting is perfect for clients seeking fast, subtle, and effective facial rejuvenation without surgery.” Or any downtime.
