“

Technological advancements and rising demand for improved safety systems like CCTV cameras, electronic alarms, and similar devices are driving trends in the home security market.”

Allied Market Research

Home security solutions refer to a system that assists people in protecting their homes from intruders. Installing home security systems looks to be the most effective method of safeguarding your home and family against intruders, robbery, theft, fire, and poison. Home security systems include video surveillance, access control, fire alarms, motion detectors, and other devices.

The global home security solutions market is segmented based on type, solutions, installation, end-use, and region.

Based on type, the market has been divided into hardware, software/platform, service, and others. Based on solutions, the analysis has been divided into video surveillance systems, alarm systems, access control systems, and others. Based on installation, the analysis has been divided into professionally installed and do-it-yourself (DIY). Based on end-use, the analysis has been divided into independent homes, condominiums, and apartments. By region, the market is

analyzed across North America, Europe, Asia-Pacific, and LAMEA.

Some of the leading home security solutions market players are Johnson Control (Tyco Security Products), Nortek Security and Control, Honeywell International Inc, ASSA ABLOY, ADT LLC DBA ADT SECURITY SERVICES, Vivint, Inc., Bosch GmbH, MOBOTIX, Alarm.com Incorporated, and Brinks Home Security (MONI Smart Security).
