

# Kinmuni by Piyaphon Inthavong Wins Bronze in A' Interface Awards

*Piyaphon Inthavong's Innovative Nutrition Management Interface, Kinmuni, Recognized with Prestigious Bronze A' Design Award*

COMO, CO, ITALY, August 11, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of [interface](#) design, has announced [Piyaphon Inthavong's](#) work, "Kinmuni," as a winner of the Bronze A' Interface, Interaction and User Experience Design Award. This prestigious recognition underscores the significance of Kinmuni's innovative approach to nutrition management and user experience within the interface design industry.

Kinmuni's relevance to current trends and needs in the interface industry is evident in its user-centric design, which empowers individuals to make informed food choices and promotes healthier eating habits. By aligning with industry standards and practices, Kinmuni demonstrates its potential to positively impact users, restaurants, and the broader interface design community through its innovative features and seamless integration with restaurant systems.

Setting Kinmuni apart from competitors is its unique combination of meal customization, nutritional tracking, and direct restaurant integration. The interface's clean, intuitive design simplifies decision-making and reduces wait times, while its comprehensive nutritional information and loyalty program foster customer satisfaction and retention. These features, grounded in real user insights, showcase Kinmuni's functionality, aesthetics, and innovative approach to transforming the way people interact with food and dining services.

The recognition bestowed upon Kinmuni by the A' Interface, Interaction and User Experience Design Award serves as a motivating force for Piyaphon Inthavong and his team to continue pushing the boundaries of innovation and excellence in interface design. This achievement is expected to inspire future projects and directions within the brand, fostering further exploration and advancement in the field.

#### About Piyaphon Inthavong

Piyaphon Inthavong, a Laos-born product designer with a decade of multidisciplinary design experience, has been focusing on digital product design for the past four years. His expertise in UI/UX, no-code development, and design operations enables him to partner with enterprises, streamlining product development by aligning design and engineering teams through unified systems and reusable components. Piyaphon's work contributes to the development of inclusive, outcome-driven user experiences, supporting long-term digital sustainability and reducing inefficiencies across platforms.

#### About Bronze A' Design Award

The Bronze A' Design Award recognizes outstanding designs that showcase creativity, practicality, and professional execution. It acknowledges the skill of designers who produce work that stands out for its thoughtful development and innovative use of materials and technology. Winning designs are expected to influence industry standards positively and enhance people's lives through their effective blend of form and function. The Bronze A' Design Award is a prestigious recognition granted to designs distinguished by their attention to detail, user experience optimization, visual hierarchy, innovative functionality, accessibility, responsiveness, intuitive navigation, content clarity, effective color usage, consistency, micro-interactions, feedback mechanisms, loading time efficiency, scalability, aesthetic appeal, customizability, data visualization techniques, gestural interfaces, motion design integration, cognitive load reduction, and multilingual support.

#### About A' Design Award

The A' Interface, Interaction and User Experience Design Award is an international, juried design competition that recognizes exceptional creativity and design capabilities across various industries. Organized annually since 2008, the award welcomes a diverse range of participants, including visionary designers, innovative agencies, forward-thinking companies, and influential brands. Through a rigorous blind peer-review process, entries are evaluated by a world-class jury panel of design professionals, industry experts, journalists, and academics based on pre-established criteria. By participating in this prestigious award, entrants gain international exposure, contribute to the advancement of the interface design industry, and inspire future trends. The ultimate aim of the A' Design Award is to recognize and promote superior products and projects that advance and benefit society, driven by a philanthropic mission to create a better world through the transformative power of good design.
