BOCA RATON, FL, UNITED STATES, August 12, 2025 /EINPresswire.com/ -- [Health Advocates Network](#), a leading national provider of innovative healthcare workforce solutions, is proud to announce that it has been ranked No. 2,143 on the prestigious 2025 Inc. 5000 list of the nation's fastest-growing private companies. This marks the company's second consecutive year on the list, following its No. 300 ranking in 2024.

The Inc. 5000 list, compiled annually by Inc. magazine, ranks companies based on their percentage revenue growth over a three-year period. This exclusive ranking provides a data-driven look at the most successful companies within the economy's most dynamic segment – its independent, entrepreneurial businesses. Health Advocates Network's repeat inclusion on the list highlights its continued momentum and success in a highly competitive market.

"We are honored to be recognized on the Inc. 5000 for the second year in a row," said Kevin Little, Chairman and CEO of Health Advocates Network. "This achievement is a testament to the hard work and dedication of our entire team, as well as our unwavering commitment to providing exceptional service to our clients and healthcare professionals. Our consistent growth demonstrates the impact of our mission to build a national platform of best-in-class workforce solutions across the healthcare continuum."

This year's Inc. 5000 honorees have demonstrated exceptional growth while navigating economic uncertainty, inflationary pressure, and a fluctuating labor market. Among the top 500 companies on the list, the median three-year revenue growth rate reached 1,552 percent, and those companies have collectively added more than 48,678 jobs to the U.S. economy over the past three years.
