Strong AI Opens First AI Counselling Centre Real-World AI Deployment for The NFT Marketplace Inc. (OTC: NFTM)

The NFT Marketplace Inc. (OTC: NFTM), has officially opened its first Strong AI–branded community counselling centre in Blackpool, UK

LONDON, LONDON, UNITED KINGDOM, August 12, 2025 /EINPresswire.com/ -- Strong AI Opens First AI-Enhanced Counselling Centre in Blackpool, Driving Real-World AI Deployment for The NFT Marketplace Inc. (OTC: NFTM)

> This is the beginning of a scalable model that blends the compassion of mental health professionals with the efficiency of AI. Our goal is simple: reach more people, faster, and with better outcomes”
>
> *Ben Quick CEO*

Strong Invest AI Ltd. (“Strong AI”), a wholly owned subsidiary of The NFT Marketplace Inc. (OTC: NFTM), has officially opened its first Strong AI–branded community counselling centre in Blackpool, UK — marking a major milestone in the company’s mission to deliver applied artificial intelligence solutions that improve access to mental health support.

AI Meets Mental Health: Affordable, Accessible Support
The new Strong AI centre offers in-person counselling services supported by Strong AI’s proprietary technology platform, which streamlines client onboarding, appointment scheduling, and therapist matching.
This combination is designed to increase client capacity, reduce waiting times, and combat the shortage of mental health practitioners — all while preserving the essential human connection between therapist and client.

CEO Statement: Technology That Amplifies Care
Ben Quick, CEO of Strong AI, commented:

“This is the beginning of a scalable model that blends the compassion of mental health professionals with the efficiency of AI. Our goal is simple: reach more people, faster, and with better outcomes.”

Data-Driven Research and Expansion Plans
The Blackpool site is now operational and accepting clients. It is entering a period of feedback collection and research analysis to measure the benefits for clients of attending the Strong AI centre. Real-time service and outcomes data will be used to refine the platform, demonstrate measurable results, and guide future expansion into underserved communities across the UK.

Strategic Value for NFTM Investors
First live, revenue-generating deployment of Strong AI's platform
Real-world usage data and client research to drive future scaling and partnerships
Strengthens NFTM's presence in AI-enabled healthcare innovation
This launch follows NFTM's acquisition of Strong AI earlier this year, aligning with its strategy to commercialize AI in high-impact, real-world applications.
