

Summit® Introduces NEEM 85™: A Powerful, Organic, Cold-Pressed Neem Oil Concentrate for Gardeners and Growers

NEEM 85 stands apart, featuring 84.9% cold-pressed neem oil with a proprietary emulsifier for easier mixing and superior pest control.

BALTIMORE, MD, UNITED STATES, August 19, 2025 /EINPresswire.com/ -- Summit Responsible Solutions, a leader in environmentally responsible pest control solutions, is proud to announce the launch of Summit® [NEEM 85™](#), a high-performance cold-pressed neem oil concentrate designed for organic gardening and sustainable agriculture.

NEEM 85™ stands apart from conventional neem oil products with its 84.9% cold-pressed neem oil formulation, enhanced by a proprietary emulsifier and surfactant for easier mixing and superior pest control. Unlike other 70% 3-in-1 neem oils, Summit NEEM 85™, offers 4-in-1 protection against insects, mites, nematodes, and listed plant diseases. Summit NEEM 85 is more concentrated and is labeled to control many more pests than the standard 3-in-1 neem oils. Summit NEEM 85™ controls target insects on contact or by ingestion. The product acts on insects by way of repellence, anti-feedant action and interference with the molting process. It controls target diseases by inhibiting mycelial fungal growth, making it highly effective as both a preventative and curative treatment in integrated pest management programs.

Summit® NEEM 85™ Cold Pressed Neem Oil - Quart

Summit®... responsible solutions®

An industry leader in production of safe and effective pest control products

“Summit NEEM 85™ is not just another neem oil,” said a spokesperson for Summit Responsible Solutions. “This is a smarter, more complete solution for gardeners and growers who want both convenience and performance, all while using a product that is OMRI-Listed® and certified for organic use.”

Key Benefits of Summit NEEM 85™:

- Cold pressed means nothing is removed during processing
- 4-in-1 Control—Kills insects, mites, and nematodes and manages plant diseases
- Organic Certified – OMRI Listed® for organic gardening and farming
- Higher Concentration—Better value than typical 70% neem formulas
- User-Friendly – Blends easily with water thanks to an included emulsifier
- Versatile Packaging—Available in pint, quart, 1-gallon, and 2.5-gallon sizes

Summit NEEM 85™ is ideal for eco-conscious home gardeners, greenhouse operators, and commercial growers alike. Whether you're battling aphids, mealybugs, or powdery mildew, NEEM 85™ offers effective, broad-spectrum protection—naturally.
