medical senior care services. The company's highly trained and rigorously screened caregivers are dedicated to providing compassionate care while preserving the dignity and independence of their clients. Senior Helpers is also nationally recognized as a top workplace for caregivers.

Angela's passion for senior care was shaped by her personal experience as a family caregiver for her sister, who battled ovarian cancer, and her mother, who faces aging and mobility challenges. Through providing hands-on care, she saw firsthand the difficulty of finding reliable support and resources, inspiring her to become that trusted resource for others. Motivated by her strong sense of community, Angela opened a Senior Helpers franchise to continue making a meaningful difference in people's lives.
