“We are thrilled to continue to expand our presence in Medina with the addition of Dr. Brock! He brings a wealth of knowledge and expertise to the area,” said Dr. Victoria DiGennaro, CEO of Pioneer Physicians Network.

Dr. Brock earned his medical degree from Northeast Ohio Medical University and completed his residency at Cleveland Clinic Akron General, where he received focused training in dermatologic procedures, joint injections, weight management, and geriatric care.

“I value Pioneer’s private practice model, as it enables me to provide care in a manner that best aligns with both the patient’s needs and my professional judgment,” said Dr. Brock. “They were looking for a physician to serve the community of Medina, which aligned with my ideal practice

location. My mother lived most of her life in nearby Litchfield, and I've gotten to know the area quite well."

Dr. Brock chose Family Medicine because it allows him to provide holistic, patient-centered care while fostering lasting relationships with patients over time. "The enduring relationships I've seen my mentors establish with their patients over decades are what I aspire to develop in my own practice," he shared.

Patients can schedule appointments with Dr. Brock at Medina Primary Care by calling (330) 648-0487 or visiting pioneerphysicians.com.
