

Pre-Orders Opened on August 15 for 'God of War: Ragnarok Thor' Statue

Prime 1 Studio has announced the "God of War: Ragnarok Thor" Statue. Pre-orders began August 15, 2025 (JST); release set for February 2027.

ASAKUSA, TAITO-KU, TOKYO, JAPAN, August 15, 2025 /EINPresswire.com/ -- Following Kratos, the character Thor from "God of War Ragnarök" is now released in the Real Elite Masterline series as a 1/3 scale statue.

This statue depicts Thor with detailed sculpting and paintwork. His facial features include a scar beneath one eye, tattoos, and a full beard partially covered by unkempt hair. The torso and limbs are sculpted with layered musculature, wrinkles, and skin textures. His leather armor and belts are patterned, and the metal parts show a weathered finish. The hammer Mjöltnir is reproduced with detailed surface textures.

The base features representations of Huginn and Muninn in flight, with a frozen tundra setting. A stone figure of Odin is placed behind Thor.

Included interchangeable parts consist of an alternate head with an angry expression and a left arm posed differently with Mjöltnir. Both parts have built-in LED lighting. A head stand
