

The Sequence in Grating by Che Yung Kung Wins Bronze in A' Interior Design Awards

Innovative Residential House Design by Che Yung Kung Recognized for Excellence in Interior Space and Exhibition Design Category

COMO, CO, ITALY, August 13, 2025 /EINPresswire.com/ -- The A' Design Award, a highly respected competition in the field of [interior](#) design, has announced [Che Yung Kung's](#) "The Sequence in Grating" as the winner of the Bronze A' Interior Space and Exhibition Design Award. This prestigious recognition highlights the exceptional creativity and innovation demonstrated in the award-winning residential house design.

The Bronze A' Interior Space and Exhibition Design Award is significant for the interior design industry, as it showcases designs that align with current trends and advance industry standards. "The Sequence in Grating" exemplifies the practical benefits of innovative interior design, offering a unique approach to space utilization, lighting, and material selection that enhances the user experience and pushes the boundaries of contemporary living spaces.

"The Sequence in Grating" stands out for its inventive use of virtual and physical spatial divisions, combined with standardized translucent decorative materials. The interplay between natural and artificial light creates a dynamic visual effect that reflects the passage of time within the space. The carefully curated color scheme, integrated lighting arrangement, and the owner's collection further elevate the artistic quality of the interior.

This recognition from the A' Interior Space and Exhibition Design Award serves as motivation for Che Yung Kung and their team to continue pursuing excellence and innovation in their future
