To Whom It May Concern,

The Tunnel to Towers Foundation is excited by the prospect of working with Tower Beverage to remember the events of September 11, 2001, and continue to honor our military service members and First Responders, and their families.

In Stephen Siller's memory, the Tunnel to Towers Foundation strives to "do good" by making a positive and lasting impact in the lives of others. The Foundation has established many worthwhile programs to benefit our nation's most deserving heroes, including catastrophically-injured service members and first responders, as well as fallen First Responder and Gold Star families, to whom the Foundation provides mortgage-free homes. Our latest initiative seeks to eradicate homelessness among the nearly 40,000 United States veterans who are presently homeless, while also providing them with the necessary services and resources to enable a successful transition back to civilian life.

Our Foundation believes nothing is more important than taking care of our nation's heroes and their families, who risk everything for our safety and freedom. This alliance with Tower Beverage will assist in ensuring people "Never Forget" the sacrifices made on 9/11, and in the years that have followed.

Sincerely,

Frank Siller
Chairman/CEO
