

World Rabies Day Awards nominations are closing on 14 September

INDIA, August 13, 2025

/EINPresswire.com/ -- World Rabies Day Awards Celebrates 10 years

[World Rabies Day 2025](#) is marking a milestone for the initiative. This is the 10th year of celebrating global Rabies Champions working tirelessly to eliminate rabies in their communities.

Why World Rabies Day?

Despite medical and technological advances, rabies remains a disease that is 99% fatal, yet 100% preventable. Rabies still claims a life every nine minutes, and most victims are in Africa and Asia. The 2025 theme calls for communities to take urgent action and unite with other communities because rabies elimination needs individuals, communities, and leaders to work together.

What are the World Rabies Day Awards?

The World Rabies Day awards recognize individuals and veterinary clinics that have made significant contributions to rabies prevention and elimination. We want to celebrate and award these rabies champions who are working tirelessly with their communities.
