

From the Spotlight to the Spirit: Dr. Daisy May's Life-Altering Encounter with God Inspires Bold New Memoir

A Former Chaplain's Supernatural Experience That Shattered Her Atheism

CA, UNITED STATES, August 14, 2025 /EINPresswire.com/ -- In a world saturated by skepticism and spectacle, Pastor/Dr. Daisy May offers a raw, riveting, and supernatural testimony in her debut memoir, [I Was Minding My Own Business](#). More than a spiritual autobiography, the book is a declaration—a personal revelation that God is real, alive, and unmistakably present.

A former senior and associate pastor, and a decorated Army Chaplain with a Doctorate in Divinity and a Master of Divinity in Missions and Evangelism, Dr. Daisy May has spent her life in service. But her trajectory took a profound and unexpected turn after a supernatural encounter with the God of the Bible—an experience so vivid, it shattered her atheism and altered her life forever.

"I wasn't looking for God," says Dr. May. "In fact, I was perfectly content in my world. But after what happened, I couldn't deny it. I had no choice but to make Him famous—in the right way."

The book chronicles her transformation from a life immersed in secular pursuits to one of faith, mission, and divine purpose. It's a compelling narrative of redemption, clarity, and the inescapable presence of God—especially when least expected. Told with humor, honesty, and an unshakable sense of calling, *I Was Minding My Own Business* is for anyone who's ever questioned the unseen or been surprised by grace.

This isn't a tale born of hallucination or hysteria. As Dr. May asserts, "I wasn't on drugs. This wasn't imagination. I met Him, and I've never been the same since."

Aimed at readers across the United States and England, the memoir bridges faith and experience, intellect and emotion, inviting both believers and seekers to reflect on the possibility of divine interruption.
