“

We are so honored to partner with Sacramento Municipal Utility District in their pursuit of sustainable public procurement.”

*David DiGiacomo, Chief Executive Officer*

continuing commitment to providing reliable, affordable electricity and working towards a clean energy future, Sacramento Municipal Utility District is pleased to announce its new partnership with PlanetBids, the leading procurement software provider for California agencies. This collaboration marks a significant step forward in the District's mission to be a trusted and powerful partner in achieving an inclusive, zero-carbon economy while ensuring energy affordability and reliability.

To continue SMUD's dedication to supporting small business and community partnerships in public procurement, PlanetBids will help the District conduct fair and easy procurement activities that enhance quality of life for customers and community while responsibly utilizing public funds.

**Accelerate Innovation:** SMUD is committed to leveraging its relationships to continue innovating the ways it provides energy. PlanetBids' industry-leading software will help the District automate various procurement tasks and improve vendor communication, reducing administrative burdens and expediting procurement cycles.

**Protect the Environment:** Part of SMUD's vision is to protect the environment and eliminate greenhouse gas emissions. By adopting PlanetBids, the District will significantly reduce the consumption of paper, fossil fuels, and other resources associated with traditional procurement methods.

**Encourage Inclusivity:** SMUD leverages its relationships to catalyze economic and workforce development and enhance community vitality. PlanetBids will help the District provide opportunities for small and diverse business enterprises while meeting regulatory and business

compliance standards.

Ensure Affordability: Sacramento Municipal Utility District recognizes its responsibility to provide reliable and affordable electricity to all. Through increased competition and reduced administrative costs, the implementation of PlanetBid's software will contribute to significant cost savings for consumers.

"We are so honored to partner with Sacramento Municipal Utility District in their pursuit of sustainable public procurement," said Dave DiGiacomo, CEO at PlanetBids. "PlanetBids is designed by procurement experts for procurement professionals to help them optimize every aspect of their jobs, enabling the District to improve efficiency, work toward environmental sustainability, and realize more cost savings. We look forward to making a positive impact together."
