

Immigrants Built This: ZD Stucco Repair Honors the Crew Behind Its Inc. 5000 Rank

At today's weekly meeting, the NJ contractor credited its team, spanning Latin America to Eastern Europe, for the growth recognized on the Inc. 5000 list.

CLIFTON, NJ, UNITED STATES, August 15, 2025 /EINPresswire.com/ -- At its weekly team meeting, [ZD Stucco Repair](#) announced it made the [2025 Inc. 5000](#) and honored the field crews and coordinators who made it possible.

"People see the before-and-after photos," said Bacha Samsonia, President of ZD Stucco Repair. "But the real picture is Mexico next to Georgia next to Hungary next to Colombia. Different accents, one standard for highest quality."

Seven years ago, the company took on whatever came: hairline crack repairs, bird holes in stucco, matching a finish. Then came full restorations. Then historical projects where a century-old texture had to be matched by eye, not just by spec. The scope widened again: roofing and gutters integration woven into complex stucco systems on the same facade.

A first wave of five-star Google reviews built momentum; an A+ BBB rating formalized it; the Inc. 5000 simply recorded it.

In 2024, the team completed 300+ projects, restored or installed ~700,000 sq. ft. of stucco surfaces, and finished 78 roofing jobs.

"This honor isn't just the executive team's merit," Samsonia added. "It belongs to the people loading trucks at dawn, balancing schedules at noon, and finishing corners in the dark. Our crew built this."
