

Zarla Named #1 AI Website Builder by The SMB Guide

Recognized for speed, no-code setup, and SEO-first design, Zarla helps brand-new small service businesses launch professional websites in minutes.

CHICAGO, IL, UNITED STATES, August 14, 2025 /EINPresswire.com/ -- Zarla, an [AI Website Builder](#)

“

We are honored to be recognized as the #1 AI website builder for small businesses by The SMB Guide. This validates our mission to help new entrepreneurs quickly establish an online presence.”

*Eddie Machaalani - CEO -
Zarla*

for small businesses, has been named the #1 AI [Website Builder](#) by The SMB Guide in its latest ranking of the best AI website builders. This top recognition highlights Zarla's all-in-one approach to rapid, professional website creation and cements its position as a leading Website Builder in the industry.

According to The SMB Guide's review, Zarla "focuses on eliminating the need for users to edit HTML, code, or design" and prioritizes "speed, accessibility, and SEO," making it "a valuable resource for creating a powerful website in under a minute". The review also praised Zarla's competitively priced plans (starting at \$2.99 per month) and its inclusion of mobile-friendly editing tools and a

helpful customer support team to assist users in setting up their sites.

Zarla's AI-driven Website Builder is designed to help even first-time business owners establish a website with minimal effort. Users simply answer a few questions about their business, and Zarla's AI instantly generates a live, personalized website filled with industry-specific content and images. The resulting websites are mobile-friendly and come with features like automatic SSL security and SEO-optimized content to help new businesses rank on Google. Zarla's interface also offers mobile-first editing tools, allowing users to easily update and manage their site from any device - with no coding required.

Zarla is proving equally popular with trending new businesses creating junk removal websites, car detailing websites, and pressure washing websites as well as traditional established businesses overhauling their accounting websites, bookkeeping websites, and consulting websites.

Beyond the website builder itself, Zarla provides additional free tools to jump-start new

businesses. Entrepreneurs can use Zarla's AI-powered logo maker and business name generator to create a complete brand identity before their website goes live. For those who want a more hands-on design approach, Zarla also offers a library of professionally designed [Website Templates](#) that can be easily customized through a drag-and-drop editor - again, with no coding required.

About Zarla:

Founded in 2019, Zarla is headquartered in Chicago, IL. The company offers an AI-powered Website Builder alongside free logo-making and business naming tools, with a mission to empower new small businesses – especially local service providers – to establish an online presence quickly and affordably.
