About Anna Rae

Though she's just 18, Anna Rae is poised to seize her moment—and she's come prepared with an enviable combination of songwriting skills, a voice that soars, and a heart that's fearlessly wide open. At the age of 12, Anna landed the role of young Elsa in the Broadway hit Frozen, which was eventually shut down due to the COVID pandemic. The unexpected turn of events was a catalyst for a seismic shift from Broadway star to singer-songwriter. Like so many other aspiring artists, she turned to TikTok and began posting in 2023 to a growing audience. Songwriting soon became a new obsession and she began to set her sights on a career in Nashville. Anna Rae currently splits her time between her hometown of Charlotte, NC, and Nashville, where she fills her calendar with writing and recording sessions while working on her forthcoming debut project.
