

Edmond's Award-Winning McCann's Roofing Opens New Oklahoma City Office

Family roofer with 30 years of experience, GAF Master Elite® certification, and over 450 five-star reviews brings trusted roof replacement to Oklahoma City.

OKLAHOMA CITY , OK, UNITED STATES, August 15, 2025 /EINPresswire.com/ -- After serving Edmond homeowners for more than 30 years, McCann's Roofing & Construction is making its biggest move yet — opening a brand-new office in Oklahoma City to bring its award-winning roof replacement and storm repair services to more Oklahoma families.

McCann's Roofing crew performing a full roof replacement on a home in Oklahoma City

Founded in Edmond in 1995, McCann's has earned a reputation as the roofer homeowners trust. With over 450 five-star reviews, 8 Readers' Choice Awards, and the prestigious GAF Master Elite® certification — held by less than 2% of roofing contractors nationwide — the company delivers unmatched workmanship backed by the best warranties in the industry.

“

At the end of the day, it's about making sure families feel safe when the storms roll in, proud when they pull in the driveway, and cared for like they're our own neighbors because they are.”

Shay Brown

From Edmond Roots to Oklahoma City Roofs

The decision to expand came from a surge in demand for roof replacement in Oklahoma City and surrounding neighborhoods. The new Oklahoma City office will allow McCann's to offer faster response times, same-day roof inspections, and an even greater presence in the metro area while continuing to serve Edmond homeowners with the same care they've come to expect.

“Edmond will always be home for us — it's where our company started, where we built our reputation, and where many of our team members live,” said Shay Brown, CEO of McCann's

Roofing & Construction. "Now, with our new Oklahoma City location, we can help even more families protect their homes from Oklahoma's unpredictable weather."

Full-Service Roofing for Oklahoma City and Edmond

McCann's specializes in:

Roof replacement and repair for storm, hail, and wind damage

Insurance claim assistance to make the process stress-free

Metal, shingle, and specialty roof installations

Gutter installation & repair

Siding replacement & exterior painting

Skylight installation through the Skylights of Oklahoma division

Every project is completed by highly trained crews who treat each home like their own, with a workmanship warranty to ensure long-term protection.

A Heart for the Community

McCann's has always believed that success means giving back. In 2024, the team donated a complete roof to a disabled veteran couple after a severe hailstorm — a project that drew attention from local media and reinforced the company's community-first mission.

Call Before the Next Storm Hits

With Oklahoma City's storm season in full swing, homeowners are urged to schedule inspections before the next round of hail or high winds. The new OKC office offers priority scheduling for roof repairs and replacements, along with same-day service in many cases.
