

Defy Mobile Expands Global eSIM Coverage With New Plans for Digital Nomads and Frequent Travelers

New eSIM plans from Defy Mobile offer expanded coverage, flexible pricing, and seamless connectivity for global travelers.

LAS VEGAS, NV, UNITED STATES, August 18, 2025 /EINPresswire.com/ -- Defy Mobile, a leader in wireless connectivity, announces its expansion into international markets with a new lineup of global eSIM plans tailored for travelers, remote workers, and digital nomads. This marks a major milestone in the company's evolution from domestic service provider to global connectivity innovator.

Defy Mobile began its journey in 2014, serving communities across the United States through the Lifeline and Affordable Connectivity Program (ACP). For over 11 years, the company provided essential wireless services to underserved populations, helping thousands stay connected to work, education, and family.

In 2024, Defy Mobile transitioned into the eSIM space, offering flexible, contract-free mobile data plans that eliminate the need for physical SIM cards and roaming fees. With the rise of global mobility and remote work, Defy Mobile recognized the need for seamless, reliable connectivity across borders.

Now in 2025, Defy Mobile is going international—expanding coverage to over 200 countries and launching new plans designed for frequent travelers and digital professionals. These plans feature:

An advertisement for Defy Mobile featuring a woman in a green shirt and sunglasses lying on a hammock, holding a smartphone. The background is a bright blue sky with palm trees. The text "DEFY MOBILE" is at the top right. Below it, "YOUR DATA. YOUR WAY." is written in large, bold, dark blue letters, with "Anywhere." in a green, cursive font below that. A QR code is in the bottom left corner. At the bottom, there is a green banner with white text that reads "SCAN for eSIM" and "ENT. NO ROAMING. NO CONTRACT. NO COMMITMENT. NO ROAMING. NO CON".
