About NYC Second Chance Rescue:
NYC Second Chance Rescue is a 501(c)(3) nonprofit organization established in 2009. With the generous contributions of its dedicated community of donors and supporters, the organization has successfully saved over 16,000 lives from an unimaginable fate. The primary focus of NYC Second Chance Rescue is on large breed dogs and dogs and cats in need of critical, life-saving care, as these two categories represent the majority of euthanasias in the United States. Nine out of ten animals that enter NYC Second Chance Rescue were initially slated for euthanasia at municipal shelters. Through its foster care system and Adoption Center in Long Island City, NYC Second Chance Rescue provides comprehensive medical care and a safe haven for all pets.
