

Solid Ground Financial Provides Free Payday Loan Consolidation to Autism Client Exploited by Predatory Lenders

HOLLYWOOD, FL, UNITED STATES, August 18, 2025 /EINPresswire.com/ -- Solid Ground Financial, the nation's largest [payday loan consolidation](#) company, has provided a full debt relief program free of charge to a client with autism who was targeted and exploited by payday lenders.

The client, diagnosed with autism, had accumulated multiple payday loans with excessive interest rates. After reviewing the case, Solid Ground Financial determined that the client's condition had been unfairly taken advantage of, creating severe financial hardship. In response, the company waived all program fees to ensure the client could receive help without added burdens. "We just felt that this client was being taken advantage of due to their illness" said a Solid Ground Financial spokesperson. "Predatory payday loans trap people in cycles of debt, and we could not in good conscience charge this client when they had already suffered so much"

Solid ground financial

Lisa D. a client who benefited from the program, shared her experience in an online review: "I am astounded by Casandra and how compassionate she was. I am autistic. I am recovering from the entire thing and I thank you from everything I am."

Predatory Lending and Its Impact

According to the Consumer Financial Protection Bureau (CFPB), more than 12 million Americans use payday loans each year. The average borrower pays nearly \$520 in fees on a \$375 loan, and

annual percentage rates (APRs) often exceed 300%.

The Federal Trade Commission (FTC) warns that payday lending practices can create a "cycle of debt," where borrowers must reborrow or extend loans multiple times, ultimately paying far more in fees than they initially borrowed.

Individuals with disabilities or medical conditions are especially vulnerable to these practices, often lacking access to affordable credit and facing disproportionate targeting by payday lenders.

Solid Ground's Mission

Since 2008, Solid Ground Financial has helped thousands of Americans escape payday loan debt through affordable consolidation programs. By combining multiple loans into a single repayment plan, the company lowers payments, eliminates excessive fees, and provides a clear path toward financial relief.

This latest act of compassion underscores the company's mission. "We are in the business of helping people, not profiting from their pain" the spokesperson added.

Call to Action

Borrowers struggling with payday loans are encouraged to contact Solid Ground Financial for free consultations and tailored solutions.
