

Yerba Mate Market Size Value Projected to Expand \$2.9 Billion by 2032

Yerba Mate Market Size was valued at \$1.8 billion in 2022, and is estimated to reach \$2.9 billion by 2032, growing at a CAGR of 5.2% from 2023 to 2032.

WILMINGTON, DE, UNITED STATES, August 18, 2025 /EINPresswire.com/ -- Yerba mate is a traditional South American beverage made from the dried leaves of the *Ilex paraguariensis* plant. Popular in countries such as Argentina, Brazil, and Uruguay, it is consumed as infusion similar to tea.

Known for its robust flavor and energizing properties, yerba mate contains natural compounds such as caffeine, theobromine, and antioxidants. Enjoyed for its cultural significance, yerba mate is often prepared and consumed communally, fostering social connections. Its increase in global popularity is attributed to its perceived health benefits and versatility, with various product forms available, including loose leaves, tea bags, and ready-to-drink beverages.
