

New Literary Work, 'Cain', Explores Apocryphal Origins and Reimagines the Story of the Cain and Abel for the Screen

ATLANTA, GA, UNITED STATES, August 20, 2025

/EINPresswire.com/ -- Author Shelia Cospers announces

the release of *Cain*, a darkly imaginative novel inspired by apocryphal and ancient texts that reframes the relationship between Cain, Abel, Adam, Eve, and God. With its cinematic qualities and provocative themes, *Cain* is being positioned as a strong candidate for adaptation in film and streaming.

“

Not only was this beautifully written, but it made me take a second look at the original and I understood it more fully. Stayed up all night to read it. Couldn't put it down.”

R. Chamberlain.

Rather than the familiar Sunday School version, *Cain* presents a layered mythic drama—where love, betrayal, secrecy, and divine silence intersect. The novel explores the human struggles of the world's first family while introducing readers to a [darker spiritual landscape](#), including themes of rivalry, exile, forbidden desire, and the emergence of a New God.

“*Cain* is not a villain's tale—it's the origin of rivalry, the seed of exile, and the heart-wrenching cry of discontent,” says author Shelia Cospers. “It's a story that challenges assumptions and provokes conversation about human nature and the divine.”

With audience interest growing for stories that blend spirituality, history, and epic drama—as seen with productions like *The Chosen* and *The House of David*—*Cain* offers source material for producers seeking fresh adaptations rooted in both tradition and mystery.

Cain is currently available in print and digital editions. Film and television rights are open for discussion.
