“

Most people don't know where to start with demolition, and that's where we come in. We make the process straightforward and handle everything from start to finish.”

Blake Mabry

Demolition is often the first step in transforming a property, but it's also one of the most complicated. From removing outdated sheds and barns to tearing down entire homes or commercial buildings, demolition requires careful planning, specialized equipment, and a team that knows how to get the job done right. That's where The Dumpster Guy Baldwin County steps in.

“Most people don't know where to start with demolition, and that's where we come in,” said Blake Mabry. “We make

the process straightforward and handle everything from start to finish. Our customers can focus on what comes next, knowing the site will be safe, clean, and ready.”

A Full Range of Demolition Services

The Dumpster Guy Baldwin County offers more than just dumpsters. Its demolition division is fully equipped to take on projects of all sizes, bringing experience and professionalism to every

job. Services include:

Property Cleanup: Clearing land of storm debris, abandoned structures, junk piles, or old equipment. The team sorts materials for proper disposal and recycling, ensuring safe and environmentally responsible land recovery.

Shed & Barn Demolition: From small backyard sheds to large agricultural barns, The Dumpster Guy carefully dismantles outdoor structures, including foundations and concrete pads.

House & Building Demolition: Licensed and insured crews manage full tear-downs of residential and commercial properties. This includes securing permits, disconnecting utilities, removing structures, and cleaning up debris while following local regulations.

Pool Demolition: The company provides both full pool removal and partial “pool fill-in” services. Crews break up the pool bottom, remove the top structure, and backfill with clean soil, leaving the site ready for landscaping or new construction.

Mobile Home Removal: Entire mobile homes, including blocks, tie-downs, and foundations, are safely removed and hauled away. Recyclable materials are separated, and the lot is left level and clean.

Driveway & Concrete Removal: Specialized equipment makes quick work of old driveways, patios, walkways, and concrete foundations. The process includes breaking, hauling, and responsible disposal.

By bundling demolition services with dumpster rentals and concrete washout, The Dumpster Guy provides a one-stop shop for contractors, homeowners, and business owners who want a
