Launches Exclusive Tenant Matching
Platform Serving Landlords, VASH
Housing, and Senior Living
Communities

The only rental platform that matches tenants and landlords based on exact criteria, supports veterans with VASH vouchers, and ensures quality standards for senior living communities.

Apartment One, an innovative rental platform designed to eliminate mismatches in the housing market, has officially launched nationwide. Leveraging its proprietary [Tenant Matching Algorithm](#), Apartment One connects landlords with pre-screened tenants who meet every requirement before a showing or application takes place.

The platform stands apart with three signature commitments:

- . Exact Criteria Matching: Tenants only see listings they fully qualify for; landlords only receive leads who meet 100% of their requirements.

- . [VASH Housing Support](#): Apartment One makes it easy for Veterans Affairs Supportive Housing (VASH) participants to find qualified rentals and for landlords to connect with reliable veteran tenants.

- . 4-Star Quality Standard for Senior Living: Only senior living communities with a 4-star rating or higher are listed, ensuring safety and quality for older residents.

Benefits for Landlords and Housing Providers:

- . Reduced vacancy time with pre-qualified tenants.
