

# From Service Animals to Shelters, Animal Charities of America Drives Real Change

*One trusted charity supporting animal rescue & protection, animal adoption & shelter services and empowering lives through expertly trained service animals.*

SAN RAFAEL, CA, UNITED STATES, August 19, 2025

/EINPresswire.com/ -- Animal Charities of America (ACA), a national nonprofit organization, is calling on compassionate donors to make one powerful choice that helps protect many. By supporting ACA, donors can contribute to a wide network of highly effective animal-related charities working to end suffering, rescue endangered species, and provide life-changing support to both animals and people alike.

From safeguarding majestic wildlife like elephants, polar bears, wolves, and manatees, to rescuing horses and preventing cruelty to domestic animals, ACA connects donors to a diverse coalition of organizations unified by one mission: to create a kinder, safer world for animals.

“

When you give to Animal Charities of America, you're not just helping one cause—you're standing up for all animals, and often, the people who rely on them,”

*Sue Murphy Schley, President  
of the Board at ACA*

But the impact doesn't stop there. Many of ACA's partner nonprofits are also deeply committed to improving human lives—especially those of people facing mental and physical challenges. Through service animals, therapy animals, guide dogs and trained emotional support animals, our partner charities empower individuals with dignity, healing, and independence that go far beyond companionship.

“When you give to Animal Charities of America, you're not just helping one cause—you're standing up for all animals, and often, the people who rely on them,” said Sue Murphy

Schley, President of the Board at ACA. “It's a single, smart gift that multiplies its impact in the most meaningful ways.”
