

Fragments by Ariane Rosa Wins Iron A' Design Award in Sustainable Products, Projects and Green Design Category

Ariane Rosa's Innovative Sustainable Decorative Objects Collection, Fragments, Recognized with Esteemed Iron A' Design Award

COMO, CO, ITALY, August 19, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of [sustainable product](#) design, has announced Fragments by [Ariane Rosa](#) as a winner of the Iron A' Design Award in the Sustainable Products, Projects and Green Design category. This prestigious recognition highlights the significance of Fragments within the sustainable product industry, positioning it as a notable example of innovative and environmentally conscious design.

Fragments Object

The A' Sustainable Products, Projects and Green Design Award is particularly relevant to the industry and potential customers, as it showcases designs that align with current trends and needs in sustainable product development. By recognizing Fragments, the award highlights the practical benefits of the collection for users, the industry, and other stakeholders, emphasizing its utility and innovation in advancing sustainable design practices.

Fragments is a collection of decorative objects crafted from discarded marble, transforming waste into timeless design pieces. Each object, including tables, vases, and candle holders, is carved from the core of another, ensuring zero material waste. The collection embodies sustainability, craftsmanship, and contemporary aesthetics, making each piece a unique work of art that merges innovation with environmental consciousness.

This recognition from the A' Design Award serves as motivation for Ariane Rosa and her team to continue striving for excellence and innovation in sustainable product design. The award inspires future projects and directions within the brand, fostering further exploration and development of environmentally responsible design solutions that push the boundaries of creativity and functionality.
