

Gala by Guliz Tavukcuoglu Wins Iron A' Design Award in Lighting Products and Fixtures Design Category

Guliz Tavukcuoglu's Innovative Lighting Design, Gala, Receives Prestigious Recognition from the A' Design Award and Competition

COMO, CO, ITALY, August 20, 2025 /EINPresswire.com/ -- The A' Design Award and Competition, a highly respected and well-recognized award in the field of [lighting](#) design, has announced Gala by [Guliz Tavukcuoglu](#) as a winner of the Iron A' Design Award in the Lighting Products and Fixtures Design category. This prestigious recognition highlights the significance of Gala within the lighting industry and design community, positioning it as a notable and innovative design solution.

Gala

Gala's unique design approach aligns with current trends in the lighting industry, which emphasize the integration of decorative elements with functional lighting. By offering a versatile and adaptable solution that can be used in various settings, such as pendant lighting, wall sconces, or table lamps, Gala meets the needs of both designers and end-users seeking innovative and aesthetically pleasing lighting options.

Gala stands out in the market through its distinctive stylized bud shape, which offers a different appearance from various angles. The translucent porcelain body allows for a soft and gentle light emission, while the concealed LED light source provides visual comfort. The natural brass connection elements add an elegant touch, enhancing the overall aesthetic appeal of the design.

The recognition from the A' Design Award serves as motivation for Guliz Tavukcuoglu and her

team to continue pushing the boundaries of lighting design. This achievement may inspire future projects that further explore the integration of decorative elements with functional lighting, as well as the use of sustainable and innovative materials.
