

# Amazing Spine Care Marks One-Year Anniversary in Hallandale Beach

HALLANDALE BEACH, FL, UNITED STATES, August 20, 2025

/EINPresswire.com/ -- [Amazing Spine Care](#) is proud to announce the first anniversary of its Hallandale Beach location, marking a year of providing chiropractic care and non-invasive pain relief solutions to the South Florida community.

Since opening its doors in 2024, the Hallandale Beach office has served hundreds of patients seeking care for musculoskeletal issues, including spinal misalignment, joint discomfort, whiplash, and chronic pain. The location joins a network of offices under the Amazing Spine Care umbrella, which has been serving Floridians for over a decade.

“Opening a location in Hallandale Beach has allowed us to expand access to quality, drug-free chiropractic care in a community that truly values health and wellness,” said [Dr. Khiger](#), Founder of Amazing Spine Care. “It’s been an honor to support so many patients on their journey toward healing and a better quality of life.”

Over the past year, the clinic has provided care for a wide range of patients, including those recovering from car accidents, managing sports injuries, and seeking wellness support. The team has also introduced additional services such as shockwave therapy for conditions like plantar fasciitis and tendonitis.

## Looking Ahead

As the clinic celebrates this milestone, the team at Amazing Spine Care reaffirms its commitment to continued service and patient education in the Hallandale Beach area. Plans for the upcoming year include community outreach and expanded treatment options to meet growing demand.

"We are incredibly grateful for the support received from the local community," added Dr. Khiger. "Our mission has always been to deliver compassionate care that empowers patients to take control of their health. We look forward to many more years of serving Hallandale Beach."

Amazing Spine Care invites residents to visit the Hallandale Beach clinic to learn more about chiropractic care and explore options for pain management.
