Driving Factors

Increased market for automated building solutions drive the growth of the market. In addition, supportive industry standards and regulations pertaining to smart cities development fuels the growth of the intelligent evacuation system market. However, higher installation and maintenance costs is expected to impede the growth market. Furthermore, increase in market for smart cities is expected to provide lucrative opportunities for the intelligent evacuation system market growth.

Market Segmentation

The intelligent evacuation system industry is segmented based on type, end user, and region. By type, the market is segmented into voice evacuation system, mass notification system, and emergency lighting. On the basis of end user, it is classified into commercial, industrial, and residential. Region wise, it is analyzed across North America, Europe, Asia-Pacific, and LAMEA.

Key Players

The key players profiled in the intelligent evacuation system market analysis are ABB Group, Automated Logic, Beckhoff Automation GmbH & Co. KG, Eaton Corporation Plc, HOCHIKI

Corporation, Honeywell International, Johnson Controls International Plc, Legrand, Robert Bosch GmbH, and Siemens AG. These players have adopted various strategies to increase their market penetration and strengthen their position in the industry.
