

# FindMyMarathon.com Launches Annual Boston Marathon Cut-off Time Prediction Contest

*With registration for the 2026 Boston Marathon right around the corner, FindMyMarathon.com invites the running community to guess this year's cut-off time.*

ATLANTA, GA, UNITED STATES, August 25, 2025 /EINPresswire.com/ -- [FindMyMarathon.com](https://FindMyMarathon.com), the leading online resource for marathoners, has announced the launch of its yearly [Boston Marathon Cut-off Time Prediction Contest](#). The competition, now open for submissions, invites runners and running enthusiasts to predict the qualifying cut-off time for the 2026 Boston Marathon.

Known for its comprehensive tools to help runners find, compare and pace marathons, FindMyMarathon.com is once again turning to the public to solve a problem that has historically stumped its own experts. "We've tried to predict the cut-off time in the past and failed miserably," according to Greg Hosier, founder of FindMyMarathon.com, "so we're once again leaving it to the running community to predict the cut-off time." To help participants, the site has provided an arsenal of historical data, non-acceptance numbers, and qualifier statistics, giving them the essential tools needed to navigate the challenge of predicting the 2026 cut-off time.

Participants must submit their predicted cut-off time (the time in minutes and seconds equal to or below the standard qualifying time) and a tie-breaker guess for the number of non-accepted qualifiers. The grand prize is a \$100 USD Visa Online Gift Card, with second and third place receiving \$50 and \$25 gift cards, respectively. All valid entrants will also be entered into a random drawing for a \$25 Visa Gift Card.

**BOSTON CUT-OFF  
PREDICTION CONTEST**

Enter FindMyMarathon.com's Boston Cut-off Time Prediction Contest

Entries will be accepted until Friday, September 12, 2025, at 10:00 am ET. Only one entry is permitted per person.

The winner will be the person whose prediction is closest to the official cut-off time announced by the B.A.A. Tie-breakers will be determined by the accuracy of the non-accepted qualifier prediction, and in the case of a further tie, the submission date/time will decide the winner.
