

## Aerospace Maintenance Chemical Market Report Latest Trends and Future Opportunities Analysis

The commercial segment dominated in 2021 (over two-fifths of the market) and is projected to register the highest CAGR of 6.5%.

WILMINGTON, DE, UNITED STATES, August 21, 2025 /EINPresswire.com/ --The global <u>aerospace maintenance</u> <u>chemical market</u> is witnessing significant growth, driven by the rising need for aircraft surface maintenance, increasing flight frequency among the middle-class population due to higher disposable incomes, and the

Aerospace Maintenance Chemical Market By Product Type

widespread use of cleaners to prevent corrosion and ensure hygienic conditions inside and outside commercial aircraft.

According to a report by Allied Market Research, the market was valued at \$7.8 billion in 2021 and is projected to reach \$13.7 billion by 2030, growing at a CAGR of 6.2% (2022–2030). The study provides a comprehensive analysis of key growth drivers, investment opportunities, market trends, competitive landscape, and strategic developments.

However, high aircraft maintenance costs remain a challenge. Despite this, the growing demand for maintenance, repair, and overhaul (MRO) services across various regions is expected to unlock new opportunities for market players.

Key Findings from the Report:

- By Nature: The inorganic segment accounted for the largest share in 2021 (over half of the market) and is expected to grow at the fastest CAGR of 6.5% during the forecast period.

- By Aircraft Type: The commercial segment dominated in 2021 (over two-fifths of the market) and is projected to register the highest CAGR of 6.5%.
- By Region: North America held the largest share in 2021 (over one-third of the market), while LAMEA is forecasted to witness the fastest growth at a CAGR of 7.6%.

Leading Market Players:-

Major companies operating in the market include:

- Exxon Mobil Corporation
- Henkel AG & Co. KGaA
- Arrow Solutions
- Eastman Chemical Company
- Florida Chemical
- The Dow Chemical Company
- Nuvite Chemical Compounds
- Aircraft Spruce and Specialty Co.
- Nexeo Solutions
- High Performance Composites & Coatings

## About Us:

Allied Market Research (AMR) is a full-service market research and business-consulting wing of Allied Analytics LLP based in Portland, Oregon. Allied Market Research provides global enterprises as well as medium and small businesses with unmatched quality of "Market Research Reports" and "Business Intelligence Solutions." AMR has a targeted view to provide business insights and consulting to assist its clients to make strategic business decisions and achieve sustainable growth in their respective market domain.

Pawan Kumar, the CEO of Allied Market Research, is leading the organization toward providing high-quality data and insights. We are in professional corporate relations with various companies and this helps us in digging out market data that helps us generate accurate research data tables and confirms utmost accuracy in our market forecasting. Each and every data presented in the reports published by us is extracted through primary interviews with top officials from leading companies of domain concerned. Our secondary data procurement methodology includes deep online and offline research and discussion with knowledgeable professionals and analysts in the industry.
