

Everything DiSC® Catalyst Practitioner Experience is Launched to Empower L&D Professionals Across Europe

IPB Partners, the Authorized Everything DiSC® Partner, proudly announces that Everything DiSC (a Wiley brand) has launched a new DiSC Practitioner Experience

TALLINN, ESTONIA, August 21, 2025 /EINPresswire.com/ -- [IPB Partners](#), the Authorized Everything DiSC® Partner in Europe, proudly announces that Everything DiSC (a Wiley brand) has launched the Everything DiSC® Catalyst™ Practitioner Experience—a groundbreaking solution designed to transform how Learning & Development (L&D) practitioners deliver DiSC training, empower teams, and prove measurable impact.

In today's fast-changing business environment, organizations demand greater performance outcomes with fewer resources, putting immense pressure on L&D leaders to do more with less. The new Catalyst™ Practitioner Experience provides a comprehensive toolkit that helps practitioners design and facilitate high-impact Everything DiSC training sessions with confidence and ease.

"Many HR leaders and consultants face the same challenge—how to bring real behavioral change into organizations quickly and effectively," said Uku Sööt, Partner at IPB Partners. "The

Catalyst™ Practitioner Experience equips them with everything they need—ready-to-use materials, real-time group insights, and a supportive practitioner community—so they can focus on what matters most: enabling people to collaborate better and perform at a higher level.”

A Complete Toolkit for Training That Delivers

The Catalyst™ Practitioner Experience combines the proven power of the Everything DiSC® methodology with modern tools and resources to ensure practitioners can easily plan, prepare and deliver their sessions. It includes:

- Ready-to-Use Facilitation Materials – Customizable slide decks, facilitator scripts, and videos that save preparation time while ensuring engaging, professional delivery.
- Real-Time Learner & Group Insights – Access to individual and team DiSC® results within the Catalyst™ platform, making it easy to tailor sessions to each group and generate unlimited reports.
- Ongoing Training & Resources – Everything DiSC® Foundations and additional practitioner development tools to sharpen facilitation skills and boost confidence.
- International Practitioner Community Access – A network of peers to exchange best practices, share ideas, and solve challenges collaboratively.

Driving Real-World Business Impact

The [Everything DiSC Catalyst™](#) Experience ensures training does not stop at the workshop. By embedding DiSC® insights directly into employees’ daily workflows through the Catalyst™ platform, organizations see lasting improvements in communication, collaboration, and engagement.

“Everything DiSC® has always been about creating common language and understanding between people,” added Uku Sööt. “With this new Practitioner Experience, L&D professionals can now have a more powerful arsenal when it comes to DiSC resources and facilitation materials, in order to strengthen team cohesion, and build people-first cultures.”

Availability

The Everything DiSC® Catalyst™ Practitioner Experience is now available through IPB Partners. Clients who already own Everything DiSC Facilitation Kits, are now eligible for a free 1-year upgrade to the Everything DiSC® Catalyst™ Practitioner Experience.
