

# Rent to Own Homes Dallas Launches New Real Estate Platform to Expand Homeownership Access in North Texas

*Licensed Texas Realtor Hilary Schultz Introduces Innovative Rent to Own Lease Option Programs for Dallas-Fort Worth Homebuyers*

DALLAS, TX, UNITED STATES, August 21, 2025 /EINPresswire.com/ -- Real estate industry veteran and licensed Texas Realtor Hilary Schultz today announced the official launch of [Rent to Own Homes Dallas](#), a comprehensive platform designed to make homeownership accessible to potential buyers throughout the Dallas-Fort Worth metroplex who may not qualify for traditional financing.

With interest rates challenging many aspiring homeowners and credit score requirements limiting access to conventional mortgages, Schultz's new venture offers rent-to-own lease options that provide an alternative path to owning single-family homes across North Texas.

“

Own Your Texas Dream  
Home Today”

*Hilary Schultz*

"The real estate market in Dallas has become increasingly competitive, leaving many hardworking families unable to achieve their dream of homeownership," said Hilary Schultz, founder of Rent to Own Homes Dallas. "Our rent-to-own [lease option programs](#) bridge this gap by offering flexible lease option arrangements that in many cases

allow homebuyers to build equity while improving their financial standing."

The platform specializes in structuring rent-to-own lease option agreements that benefit both

property owners and potential buyers. Through carefully crafted lease option contracts, clients can secure their dream home with an option fee while their monthly rental payments may contribute toward eventual ownership.

This innovative approach helps buyers overcome common barriers including:

- ❑ Credit score challenges that prevent traditional mortgage approval
- ❑ Limited down payment savings
- ❑ Need for income verification flexibility
- ❑ Time to establish stronger financial foundations

Rent to Own Homes Dallas offers comprehensive guidance through every step of the rent-to-own lease option agreement process, from initial property selection to final purchase. The company has access to a diverse range of properties throughout Dallas-Fort Worth, ranging from starter homes to family-sized residences in established Dallas neighborhoods.

"Unlike traditional rental arrangements, our rent-to-own options give families the opportunity to invest in their future while living in the home they plan to own," Schultz explained. "We work closely with each homebuyer to ensure they understand the terms of their own agreement and are positioned for success when they may choose to exercise their purchase option."

The launch comes at a critical time when North Texas continues to experience population growth and housing demand. Schultz's extensive experience in the Dallas real estate market, combined with her commitment to transparent communication and practices, positions Rent to Own Homes Dallas as a trusted resource for alternative homeownership solutions.

Services offered include:

- ❑ Comprehensive rent-to-own lease option property inventory
- ❑ Personalized lease option structuring
- ❑ Credit improvement guidance
- ❑ Financial planning support
- ❑ Legal document preparation and review by qualified professionals
- ❑ Ongoing support throughout the rental period and beyond
